NSPA is the executive arm of the NATO Support Organisation (NSPO). Direction and control is provided by a Board of Directors made up of representatives from each of the 28 NSPO Member States. NSPA, as a customer funded Agency, adheres to the principle of no profit no loss in the execution of its tasks.

Within the field of Force Protection, NSPA is providing support to NATO and Partner Nations, NATO Response Force (NRF) and North Atlantic Council (NAC)-approved operations in Afghanistan (International Security Assistance Force - ISAF) and in Kosovo (Kosovo Force - KFOR), as well as to reconstruction efforts in the former Yugoslav Republic of Macedonia*.

* Turkey recognizes the Republic of Macedonia with its constitutional name.

NSPA Expertise and Experience

Benefits
- Consolidation of Requirements
- International Competitive Bidding
- Economies of Scale
- High Quality Services
- Business Centralization
- International Skills and In-House Expertise
- Speed of Services

Protection of Critical Infrastructure
- Integrated Base Intrusion Detection Systems
- Access Control
- Perimeter Security Fences
- Electronic Security Systems
- Hardened Structures

Intelligence Surveillance and Reconnaissance (ISR) Technology
- NATO Enhanced Surveillance System
- Sea Coastal Surveillance System
- Air Ground Surveillance Recognition (AGSR)

Protection of Harbours and Ports
- Autonomous Underwater Vehicles
- Activities under the Naval Logistics Support Partnership (NLSP)

Chemical Biological Radiological and Nuclear (CBRN)
- Mobile Nuclear Biological and Chemical (NBC) Laboratories
- Disposal of NBC Uniforms
- CBRN Modular Decontamination Mobile Sets

Countering IEDs (Improvised Explosive Devices)
- Blast Protection Barriers
- Portable Vehicle Arresting Barriers (PVAB)
- Destruction of obsolete & surplus Ammunition

Explosive Ordnance Disposal (EOD) and Consequence Management
- Mine/UXO/AXO Clearance Management
- EOD Equipment
- Missile Firing Range Pollution Assessment
- Environmental responsible solutions

Non Lethal Capabilities
- Non lethal and less lethal Ammunition and Devices
