

**SPEC
2000M**

REQUEST FOR CLARIFICATION

1. Request No. Issue No.

01/IP/02-1

Date: 2.9.2002

2. Originator: EADS
Rainer Kynast

To: IPET

Date: 2.9.2002

3. SPEC 2000M Reference:
Volume 3, Appendix 1, DE: SMFR

4. Description Of Request for Clarification and Answer Provided:

Question:

SPEC 2000M, 1C-2, Page 9, Paragraph 1.4.2 describes that different types of information within brackets are separated by oblique strokes (/).

For the DE "SMFR" within Volume 3, Appendix 1 there is an oblique stroke used (using "from/to" where applicable).

This oblique stroke is not mentioned in example 5 on page 3.

Answer:

The data should be held as "value to value" without any oblique stroke (/).
